

Begimai Bolotbekova

San Francisco 94103, United States | begimai.bolotbekova.b@gmail.com | 4157186328 | [LinkedIn](#) | [GitHub](#) | [Website](#)

Data Scientist with 5+ years of experience transforming complex datasets into actionable business insights. Experienced in predictive modeling, A/B testing, and large-scale data analysis across international organizations. Skilled in Python, SQL, Tableau, and Power BI, with a strong foundation in statistics and machine learning. Proven ability to optimize operations, improve decision-making, and drive measurable business outcomes.

Education

Golden Gate University, San Francisco

MS, Data Science. GPA: 3.88 / 4.0, Dec 2026

Relevant Coursework: Applied Data Science and Analysis, Statistics and Probability, Managing Data Structures, AI for Data Security, Integrity, and Risk Mitigation

National Taipei University of Technology, Taipei

MBA. GPA: 4.0 / 4.0, Jun 2024

Relevant Coursework: Data and Decision, Big Data Analytics for Business Intelligence, Excel VBA Programming Thesis: Predicting Housing Prices in Taiwan: Comparative Evaluation of Machine Learning Models (MLR, Random Forest, XGBoost).

Experience

Data Analyst Intern, Faria Education Group, Taipei

Aug 2023 to Aug 2024

- Executed data migration to a new CRM, preparing and cleansing data for a seamless transition, reducing data retrieval time by 88% (from 4 hours to 30 minutes)
- Managed the end-to-end data lifecycle for student academic reporting across 100+ international schools, ensuring 100% data fidelity during high-volume upload cycles

Data Analyst Intern, MIT City Science Lab @ Taipei Tech, Taipei

Feb 2023 to Jun 2023

- Engineered a bike-sharing optimization framework using Python (Graph Theory) and Dijkstra’s Algorithm, resulting in a 20% improvement in route efficiency.
- Conducted research on Environmental, Social, and Governance (ESG) practices in the context of hydroponic gardening in Taipei City, utilizing existing research and best practices.

Marketing Analyst, Coca-Cola Bishkek Bottlers, Bishkek

Jul 2019 to Sep 2022

- Designed and executed a comparative A/B analysis across 200 retail locations to evaluate merchandising strategies; identified variables that drove a 50% increase in total brand sales and a 100-200% lift in targeted stores.
- Led the RED (Right Execution Daily) Project, improving in-store availability and visibility metrics, resulting in a 10% increase in the country's RED score—the highest since the project's launch in 2016.
- Optimized marketing budgets by delivering end-to-end analytical workflows in Python and SQL, leading to a measurable increase in ROI for senior leadership.

Skills

• Python	• SQL	• R	• Regression
• Classification	• Random Forest	• XGBoost	• A/B Testing
• Feature Engineering	• Model Evaluation	• Tableau	• Power BI
• Git	• PyCharm	• Jupyter	• MySQL

Languages

Kyrgyz, English, Russian, Turkish, Uzbek, Spanish
